

**Name:** Sharon Tucker, FAAN, PhD, PMHCNS-BC, RN

**Current Title:** Grayce Sills Endowed Professor in Psychiatric-Mental Health Nursing Director, Translational Research Core, Helene Fuld Heath Trust National Institute for EBP in Nursing & Healthcare

**Affiliation:** The Ohio State University

**Candidate for:** MNRS Board Treasurer

**Personal Statement:**

I currently serve as the MNRS Board of Directors Treasurer and am honored to be invited by the Nominations Committee to be slated on the ballot for another term. I have been a member of MNRS since 1991 when I joined as a student in my master's program. I was drawn to this organization given the diversity, high quality research, and commitment to advancing nursing science to improve nursing care and patient outcomes. The collaborative spirit was also inspiring and motivated me to continue my research career.

I have served in several capacities with MNRS including as a member of the Conference Planning Committee from 2009-2013. I was appointed as Chair in 2013 and very much enjoyed the leadership opportunity this provided. I have been reviewing conference abstracts since my early years, and also reviewed research grant applications in 2017-2018. I also Co-Chaired the Research Through Academic-Clinical Partnership RIG 2014-2015 with Dr. Linda Hand and together we revived this group and they continue to do great work including completing a research study and publishing the results.

I was elected to the Board of Directors Member-at-Large in 2015 and then asked to run for Treasurer for the 2017-2019 term. I have enjoyed working with tremendous leaders and researchers who give tirelessly of their time and expertise. It has been highly rewarding to work with the BOD through a critical process of converting to a different management company. This has been character building for me as it was a very hard decision, but I believe we made a very good decision in the end.

I have been mentored by Dr. Marge Bott, former Treasurer, in the complexity of the MNRS Finances and the role of the Treasurer. She is a tough act to follow but has been enormously gracious with her time in mentoring me. I am feeling grounded now with our new management
