

Meet Our New Co-Chairs for 2019-2020!

Greetings HSPI RIG Members!

We are honored to serve you as the co-chairs for 2019-2020. First, we would like to acknowledge Karen Dunn-Lopez and Said Abusaleem for their three years of service leading our RIG. We would also like to thank Amany Farag and Lisiane Pruinelli for their leadership over the past year. We are lucky to have their continued support and mentorship during our year as co-chairs.

It is our pleasure to introduce our new co-chair elects: Robin Austin and Kimberly Powell. Thank you for stepping up and volunteering to serve our large, and very accomplished RIG!

This year we are excited to offer a variety of opportunities for members to engage in a variety of RIG activities. We look forward to recognizing the excellence within our RIG through RIG awards and promoting members' research through competitive symposia. Also, a newsletter will be used to keep members informed of opportunities within and outside of the RIG, introduce and spotlight members, and highlight publications and grant awards from our colleagues.

Thank you for the opportunity to serve you. Please don't be a stranger – reach out whenever you have questions, comments, or just want to say "Hi!"

It's going to be a great year!
