

Name: Eileen Collins, PhD, RN, ATSF, FAAN

Current Title: Associate Dean for Research

Affiliation: University of Illinois Chicago

Candidate for: MNRS Board Member-at-Large

Personal Statement:

I would like to express my interest in running for the MNRS Board Member at Large. I believe that I can help MNRS achieve its goal of being the premiere nursing society that develops scholars, drives science and leads innovation to improve the health of all people. I have the research experience to mentor mid-career and junior faculty and students. I have served on the program committee for MNRS and have helped many students prepare abstracts for presentation at MNRS. I have also served on the Boards of the American Thoracic Society and the American Association for Cardiovascular and Pulmonary Rehabilitation. These are very trying times for all professional societies, especially the smaller ones. I have the professional society experience to provide solid input to the Board and serve as a liaison to various MNRS committees.
