

Name: Elizabeth Edmiston, PhD, RN, CCRN

Current Title: Postdoctoral Fellow

Affiliation: Cleveland VA Medical Center

Candidate for: MNRS Board Member-at-Large

Personal Statement:

It is my pleasure to accept the nomination of Member-at-Large for the Midwest Nursing Research Society (MNRS) Board of Directors for the 2021-2023 term. I received my MSN from the University of Toledo and PhD in Nursing from Case Western Reserve University. I am currently serving the veteran community as a postdoctoral fellow and Quality Scholar through the Cleveland Veterans Affairs Medical Center. Through this fellowship, I continue to promote nursing research and scholarship, while promoting veteran health and wellness through quality and Implementation science.

Previously, I have served as Co-chair of the MNRS Emerging Scholars Network (ESN) Committee. This leadership experience places me in a unique position to continue serving our regional Nursing community. I learned an incredible amount in this position while working with other amazing emerging scholars and mentors and would like the opportunity to continue to serve a great and crucial organization.

I am prepared to actively engage, collaborate, and develop if elected to this position. To sustain MNRS, we must recruit and retain early-career nurse scientists. My experience with ESN has provided me with the foundation for this work. I will represent early-career MNRS members to develop long-term support of this organization. Thank you for your consideration for this position.
