

Name: Lynnette Leeseberg Stamler, PhD, DLitt, RN, FAAN
Current Title: Associate Dean for Academic Programs
Affiliation: University of Nebraska Medical Center
Candidate for: MNRS Board Treasurer

Personal Statement:

In the early 1990s, I was a member of MNRS as a doctoral student. As a graduate in Canada, it was difficult to continue my membership. However, upon returning to the U.S. in 2012, I immediately rejoined MNRS. Since then I have been an active member in the Education RIG, serving on several committees for awards and reviewing abstracts. My own research interests are eclectic, but always center around teaching/learning. While in Canada, I served as treasurer of the Canadian Association of Schools of Nursing (Canadian counterpart to AACN) and went on to serve as President of that organization. These experiences assisted my understanding of the role that a strong fiscal underpinning plays in supporting an organization to meet its mission and fulfil its strategic plan. I began serving on the MNRS Finance Committee two years ago and am pleased and excited with the progress that has been made in fulfilling our strategic direction. I firmly believe it is in an organization's best interest to provide clear and timely information to the members of the financial status so that knowledgeable decisions can be made. MNRS encourages students and researchers at every level to improve and expand nursing science to better the health of all. To achieve that goal, MNRS must rest on a sound fiscal foundation. I look forward to expanding my role in supporting this important organization.
