

**Name:** Diane Von Ah, PhD, RN, FAAN  
**Current Title:** Associate Dean of Academic Operations  
**Affiliation:** Indiana University-Indianapolis  
**Candidate for:** MNRS Board Treasurer

**Personal Statement:**

It would be my pleasure to serve on the Board of Directors as Treasurer for the Midwest Nursing Research Society (MNRS). This is an integral role that works collaboratively with other board members to execute the vision and mission of MNRS. I believe that I have the leadership and research experience to support me in successfully fulfilling this role. In addition to my current leadership role as Associate Dean of Academic Operations at IUSON, I have also previously served in numerous leadership roles with foundations and non-profit committees, including MNRS. I have also served as a STTI-chapter President and treasurer; ONS, Research Agenda Chair and Chair of the Putting Evidence in Practice sub-committees. Currently, I serve on a National Academies Sciences, Engineering and Medicine Panel and the NCI PDQ ® - (Physician Data Query) Supportive and Palliative Care Editorial Board and a conference leader for the NCI/NIH/ONS Symptom Science Scientific Colloquium Program. I would enjoy using my experience in supporting the mission of MNRS and serve as Treasurer.
