

Health Systems, Policy & Informatics RIIG

CALL FOR COMPETITIVE SYMPOSIUM ABSTRACTS

SYMPOSIUM TITLE: *Leveraging Digital Health Data to Advance Health Science, Improve Clinical Outcomes, and Inform Policy Decisions*

DEADLINE TO SUBMIT ABSTRACTS: **JULY 22, 2022, by 11:59pm ET**

The Health Systems, Policy, & Informatics RIIG is pleased to sponsor a call for abstracts for a proposed Competitive Symposium titled, "***Leveraging Digital Health Data to Advance Health Science, Improve Clinical Outcomes, and Inform Policy Decisions.***"

Appropriate topics for this symposium include, but are not limited to the following:

- Use digital health data to understand a disease course, symptoms burden, and healthcare outcomes
- Use digital health data to investigate associations among demographics, biomarkers, disease risks, and health outcomes
- Use of digital health data to facilitate quality improvement
- Use of innovative and advanced data analytics to analyze digital health data
- Use of digital health data to inform policy development and decisions
- Ethical, privacy, and policy considerations in the use of digital health data
- Lessons learned from the use of digital health data to advance clinical outcomes and nursing science

Abstract submission is open from **June 28 - July 22, 2022**. Abstracts are to be limited to 350 words and include the following: Abstract Title, Authors, Purpose/Background, Framework, Methods, Results, and Conclusions. Please have the primary author email abstracts to Allison Chi (nai-ching-chi@uiowa.edu). The primary author will be notified of their inclusion status for the submitted symposium by August 6, 2022.
